Introduction to Community Policy

Videocoachme's Community Policy help ensure that Videocoachme is a safe place where language learners from all over the world can connect with one another and help each other learn a language.

Videocoachme's default position is to not delete, censor, or edit user generated content in any of Videocoachme's community features. However, there are cases in which Videocoachme may take extraordinary steps in response to violations of the Community Policy, the Terms of Service, and other policies.

These actions can include:

- * Deleting or banning users
- * Editing or removing content

Community Conduct Policy

1. Do NOT Spam: Do not send the same message to multiple users or repeatedly post the same message in discussions, notebooks or answers sections.

2. Do NOT Post or Send Commercial Advertisements: Do not post or comment for commercial purposes.

3. Do NOT Search for a Romantic Relationship: Do not contact other Videocoachme members for dating, or to find sexual partners. Videocoachme considers this harassment. Videocoachme takes reports of unwanted sexual advances very seriously.

4. Do NOT Harass, Bully, or Stalk: Videocoachme does not tolerate harassment, bullying or stalking. Videocoachme will take action on all reports of abusive behavior. Repeatedly messaging another user with unwanted friend requests or messages is a form of harassment.

5. Do NOT Create False Identities: Claiming to be another person, creating a false presence for an organization, or creating multiple accounts is not allowed. Duplicate, fake, and joke profiles are not allowed.

Politics and religion are sensitive topics that often lead to polarizing and hateful comments. It is our position to not have these types of discussions on a site that is meant for language learning.

7. Violence

We remove content when we think there is a risk of physical harm, or a threat to public or individual safety. You may not threaten others, or suggest acts of violence.
